eBooks
for school

Explore eBooks with Pearson

Our trusted CAPS-approved Learner's Books, Teacher's Guides and supplementary titles are available in various eBook formats to suit your needs.

Access all of your **Pearson eBooks** in one application for a portable, effective and intuitive learning experience.

Our three eBook formats

Standard eBooks

Our **standard eBooks** are available as ePDFs and ePubs.

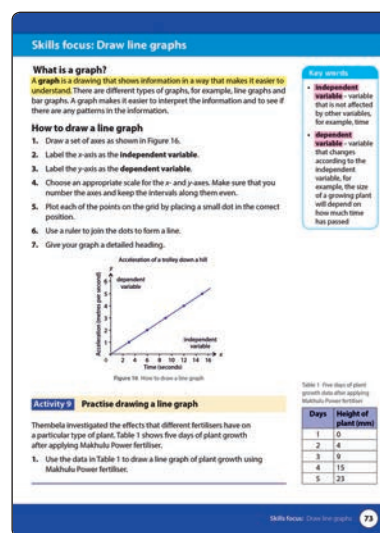

- Download titles once and use offline.
- View on desktop, notebook or tablet using an eReader app.

An **ePDF** provides learners with a fixed page layout for a smooth transition to digital books.

With an **ePub**, content resizes to fit the screen size as learners adjust fonts, and rotate and flip pages.

Available for all Pearson's CAPS-approved titles on the National Catalogue for Grades 4–12.

Also available for *Smart-Kids Read* and *X-kit Achieve* study guides.

Fixed page layout from *English Today First Additional Language Grade 8 Learner's Book – Standard eBook* (ePDF)

Enhanced eBooks

Our enhanced ePubs feature dynamic animations and videos to engage learners.

- Animations, audio and videos help explain concepts.
- Access content from Android devices, even when offline.

Available for a selection of subjects for Intermediate, Senior and FET Phase.

Access is dependent on connectivity, device and operating system.

Animation from *Platinum Natural Sciences Grade 8 Learner's Book – Enhanced eBook*

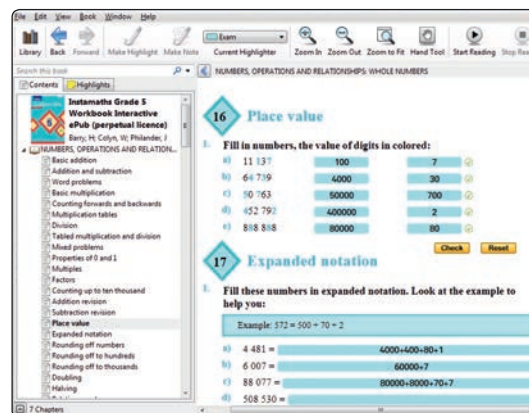

Interactive eBooks

Our **interactive ePubs** feature engaging and interactive assessment activities with immediate feedback.

- Animations, audio and videos help explain concepts.
- Complete self-marking interactive activities.
- Access content from Android devices, even when offline.

Available for a selection of subjects for FET Phase, as well as for *Smart-Kids* and *Platinum Instamaths*.

Access is dependent on connectivity, device and operating system.

Self-marking interactive activities from *Instamaths Grade 5 Workbook – Interactive eBook*

Your favourite series from Heinemann, Maskew Miller Longman and Pearson are now available as eBooks.
